

TAKES THE HEAT

Modernized versions of the M113 protect the Guard under the hottest battlefield conditions

Modernized and battle-proven vehicle systems such as the M113 Family of Vehicles deliver enhanced performance, superior mobility and proven reliability under severe battlefield conditions. When it comes to supporting the National Guard in the heat of battle, freedom's guardians count on United Defense.

Features

26 Budget Rerun

Already facing personnel and equipment shortages and an uncertain future, the National Guard received another short Pentagon budget request. Once again, Guard leaders will have to ask Congress to help.

30 Fractured Inventory

Army National Guard units are often forced to leave their equipment behind when they return from Iraq. This has states scrounging for the vehicles and aircraft needed to train and to complete state missions.

34 Army/Air

National Guard magazine asked the two NGAUS vice chairmen to outline the largest issues currently facing the Army and Air National Guard. Reset and the Future Total Force top their concerns.

42 NGAUS Fiscal 2006 Legislative Objectives

An abridged version of the formal Legislative Objectives NGAUS presented to lawmakers and the Pentagon highlights the resolutions passed at the 126th NGAUS General Conference.

56 Hill Climbing

NGAUS has a new legislative staff. It will meld multiple inputs and draw on varied backgrounds to deliver the association's message and win additional funding on National Guard equipment and training.

60 Annual State and Congressional Guide

National Guard magazine's annual compilation of key data and contact information for each of the 54 states and territories.
