SPORTSMEN'S GLASSES REVOLUTIONIZED

by our new **Akapos Crystal** lens—a double shade of amber and veridian, and our own exclusive product—far superior to the old style, obsolete amber lens. The **Akapos Crystal** eliminates not only all the ultra violet rays, but also all the violet and blue rays which are so irritating to the eye.
The amber lens is less than 50 per cent. efficient, because it cuts out only part of the ultra violet and does not effect the latter two.

to respond to toasts. Major Jaquith gave a short talk on the history of the signal corps, which was applauded by all. Corpl. Hal T. Vigor was called on to respond to the toast "Why Enlist?" and his short talk gave everyone a good idea why a young man should enlist in the Guard. Supply Sergeant Rudy Whitaker responded to a call with a talk on "How I Feed the Boys" and some reminiscences. He was greeted with a rousing cheer—everyone wants to get "on the good side" of the mess sergeant. First Sergt. Paul Cornell gave a talk on preparations for camp, Photographer Dowerman of the Columbus Dispatch congratulated the company on its splendid record, and First Lieut. R. Hoyer closed the program with a stirring patriotic speech, which induced several of the guests to take out enlistment papers.

The social committee was composed of Sergeants Cornell and Whitaker and Mr. Dowernd. Chief of Section Schuler looked after the music.
