

TEAM WORK

THE Armies of Europe are demonstrating to the world what team work can do---it's a great thing in winning any kind of a contest. ¶ The National Guard of the United States can be made a great cohesive, efficient and dependable machine in our scheme of National Defense as soon as the 48 state armies can be brought to look at the problems confronting us from more or less common ground. ¶ The National Guard Magazine was founded eight years ago to furnish a forum for the exchange of helpful ideas and to supply news of all activities in order to create greater *Team Work*. ¶ To make it available for every officer and man we have established the following attractive clubbing rates:

- 15 to 30 annual subscriptions at 75c each
- 31 to 55 " " " 65c "
- 56 or more " " " 50c "

sent the members of any one organization, either in bulk or to separate addresses. Commanding officers and 1st Sergeants are authorized to form clubs and should write at once for special blank forms
