LOVING CARE IS NEEDED WHEN YOU’re DRIVING, TOO

There are so many ways to express your love for a child—amuse him, caress him, understand him, protect him...and drive well, with care.

Why?
Because more children 1 to 14 years old are killed as a result of motor vehicle accidents than by polio, heart disease, cancer, tuberculosis, or any of the most dreaded childhood diseases!

Driving well isn't easy. But it is so terribly important. So, if only for this reason, take a fresh look at yourself behind the wheel. It's so important to be not just a good driver—but an expert.

A GOOD PARENT IS A GOOD DRIVER

An official public service message prepared by the Advertising Council in cooperation with the National Safety Council.

National Guard Association of the United States
160 Indiana Ave., N.W. Washington, D. C.

Secretary to the Adjutant General's Office, in St. Paul, Minn., whom General Walsh was its chief.

The correspondence, to and from the field, that crosses Miss Austin's desk is voluminous. But her handling of it is as efficient as when she acted as Secretary for the Association's Legislative Liaison Office until shortly after last year's "Diamond Jubilee" Conference.

Army language and usage acquired at St Paul stood Rehner in good stead during the World War years, when she served as a WAC at Ft. Myer, Va., and in the Pentagon's Signal Center. As a civilian, she served in Japan with the 25th occupation forces, and was in the Tokyo office of the Air Force, in 1950, when the US entered the Korean War.

Rehner looks forward to a journey back home now and then for a little fishing in the "Gopher State's" innumerable lakes. She's always happy to return, however, for she's happy in her work. And we're all happy to have her here.
